# Joel Rainwater
## Software Engineer

**EXPERIENCE**

### Full Stack Developer
Netatmo

Oct 2018 - Present | 3 years | Paris, France

Led the rebuild of the digital shop, bringing it from an old, buggy and slow Magento 1 to a new, fast and smooth PWA using Vue Storefront and Magento 2. Responsible for the ongoing maintenance and new features for the shop.

### Senior Dev Architect
Pyxl

Oct 2017 - Sep 2018 | 1 year | Knoxville, Tennessee, USA

Planned, scoped, architected, and managed the development process for large projects. When possible I joined the fray of development as well.

### Technical Lead
Pyxl

Jul 2016 - Oct 2017 | 1.5 years | Knoxville, Tennessee, USA

Led the development team in our Knoxville office, supporting them through their projects and personal development. I also served as an architect and developer on larger projects.

### Senior Web Developer
Pyxl

Jan 2015 - Jun 2016 | 1.5 years | Knoxville, Tennessee, USA

Built many marketing websites in WordPress and other lesser known CMSs such as MODX and Sitecore. Eventually moved to building eCommerce websites in Magento 1 & 2, as well as a few one-off projects such as some Laravel web apps and a native mobile app.

### Web Programmer
Elavon

Dec 2012 - Jan 2015 | 1.5 years | Knoxville, Tennessee, USA

Worked on the internal knowledge base intranet, built on the Plone CMS (Python). Improved performance, introduced new features, and maintained site reliability for over 200 content managers across North America, Brazil, and Mexico.
